## REPORT OF THE MANAGER

We have pleasure in presenting the Unaudited Interim Financial Statements of First Capital Fixed Income Fund (the Fund) for the six months ended 30 September 2024.

### Fund Performance

First Capital Fixed Income Fund reported a Profit after Tax of Rs. 65.8Mn for the six months ended 30 September 2024 compared to a Profit after Tax of Rs. 366.1Mn in the corresponding period of the previous year. The lower Profit after Tax reported for the period under review is mainly as a result of the fair valuation loss on fixed income securities portfolio amounting to Rs. 14.9Mn (2023/24 – Fair valuation gain of Rs. 278.5Mn).

The Fund reported an Annualised Return of 12.23% (inclusive of the marked to market loss) for the six months ended 30 September 2024 compared to 5-year treasury bond yield (base yield) of 11.99% (source: The Central Bank of Sri Lanka - *Daily Reports*; <https://www.cbsl.gov.lk/en/pd-daily-report>). The 5-year treasury bond (risk free return) is used to evaluate the performance of the Fund which denotes the return over the risk-free return since there is no appropriate benchmark index for the Fund.

The Annualised Return reported in the corresponding period of the previous year (2023/24) was 102.14% compared to the 5-year treasury bond yield (base yield) of 18.42% (source: The Central Bank of Sri Lanka - *Daily Reports*; <https://www.cbsl.gov.lk/en/pd-daily-report>). The Funds under Management as at 30 September 2024 was Rs. 1,171.6Mn compared to Rs. 1,105.7Mn at the beginning of the year (The Fund's yield is variable and subject to change. Past performance is not an indicator of future performance).

### Asset Allocation as at 30 September 2024

The Asset Allocation of the Fund as at 30 September 2024 is as follows.

## **Appreciations**

We take this opportunity to thank our valued unitholders for the trust and confidence placed in us. We also place on record our appreciation for the support extended by the Securities and Exchange Commission of Sri Lanka and our Trustee, Bank of Ceylon.

**7. Financial instruments- Fair Value Measurement**

The Fund measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements in accordance with SLFRS 13.

**Level - 1**

Financial instruments that are measured in whole or in part by reference to published quotes in an active market. A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange and those prices represent actual and regularly occurring market transactions on an arm's length basis.

**Level - 2**

Financial instruments that are measured at fair value on a recurring basis. As market quotes generally are not readily available or accessible for these securities, their fair value measures are determined using relevant information generated by market transactions involving comparable securities.

**Level - 3**

Financial Instruments that are not supported by observable market prices information.

Due to the nature of the short term maturity, carrying value of the financial asset at amortised cost are approximated to their fair value.

**7.1 Fair values versus the Carrying amounts**

The fair values of financial assets and liabilities, together with the carrying amounts shown in the Statement of Financial Position are as follows;

	As at 30.09.2024		As at 31.03.2024
